

### Access Tubes & Installation Kit – Diviner 2000 & EnviroSCAN probes

Installation Kit Includes:

#### Auger kit, (Part A)

**Product includes:**

- Toolbag, type A (PN 70101)
- Access tube cleaning tool, rag (PN 70110)
- Access tube cleaning tool, brush (PN 70112)
- Auger extension, 0.5m x 2 (PN 70125)
- Auger extension, 1.0m x 1 (PN 70130)
- Regular auger, 47 mm (PN 70135)
- Regular auger, 53 mm (PN 70140)
- T-handle, regular (PN 70150)
- Expandable bung tightening tool (PN 70160)
- Tommy bar x 2 (PN 70190)
- Access tube bailer (PN 70195)
- Tube extraction tool (PN 70305)
- Auger cleaning tool, 47.0 mm (PN 70120)

#### Tripod kit, (Part B)

**Product includes:**

- Toolbag to suit Tripod Kit, Part B (PN 70301)
- Dolley, nylon (PN 70205)
- Dolley, heavy duty (PN 70210)
- Tripod anchor pins x 3 (PN 70215)
- Tripod base plate (PN 70220)
- Auger centralisation poly guide (PN 70225)
- Access tube installation tripod (PN 70230)

#### Normalisation container (Part C)

Probe Plastics Include:

| Product                  | Qty | Weight (kgs) | Dimensions (cms) | notes              |
|--------------------------|-----|--------------|------------------|--------------------|
| Access tube kit std 1m   | 10  | 7            | 100x22x15        | tubes              |
|                          |     | 0.5          | 19x19x14         | cutting edges      |
|                          |     | 2.5          | 47x20x14         | top caps and bungs |
| Access tube kit std 1.5m | 10  | 10.1         | 150x22x15        | tubes              |
|                          |     | 0.5          | 19x19x14         | cutting edges      |
|                          |     | 2.5          | 47x20x14         | top caps and bungs |
| Access tube kit std 2m   | 10  | 13.2         | 200x22x15        | tubes              |
|                          |     | 0.5          | 19x19x14         | cutting edges      |
|                          |     | 2.5          | 47x20x14         | top caps and bungs |
